

TexLINE

Built with intention and held to a higher standard, Texline trailers are designed for people who expect more from their equipment. Every weld, component, and detail reflects our commitment to durability, performance, and long-term value. We don't build for shortcuts or trends—we build trailers meant to work hard, hold their worth, and represent the pride of those who pull them. Texline isn't just a trailer. It's a standard.

Premium West Lake Radial Tires / Lionshead Wheels

- Westlake radial tire is constructed with steel belts and polyester plies for a longer life
- Polyester tread-firming belt overlays help prevent tread separation
- Tread wear indicator (TWI) makes it easy to see tread depth
- Straight simple rib pattern improves even wearing and efficient water evacuation for excellent wet traction and handling
- Cross rib sipes slice through water for solid control on wet roads
- Westlake special trailer (ST) radial tires have over-engineered sidewalls, to easily handle heavy loads

Indiana Wheel Company - Steel wheels

- Advanced robotics creates sturdy construction and better uniformity
- Raised lug nut wells for better torque retention to the hub
- Excellent corrosion resistance - powder coat with clear coat finish - protects against scuffs, scratches and chips
- Lighter Weight – Designed with high strength / low alloyed disc and rim
- Made in the Plymouth, Indiana USA

Lionshead 1-2-5 Lifetime Protection

- 12 **1 Year** "No Excuses Guarantee"
- 2 Year** complimentary roadside assistance
- 5 Year** warranty on radial ST tires
- Lifetime** structural warranty on all wheels

Trailers live and die by what touches the ground. That's why we source quality tires and American-made wheels, because load ratings, consistency, and reliability matter long after the sale.
